

In Class Mini-Project: Middle East Follow-up Activity

Name: _____

Using ***Pic Collage for Kids***, create an “Images of the Middle East” on your iPad. You should find your pictures through Culture Grams. [Culture Grams](#) Username: wrms Password: wildcats

Your ***Pic Collage for Kids*** needs to include the following information:

- A Title – **Images of the Middle East.**
 - 2 pictures of different types of **Geography** found in the Middle East
 - 2 pictures that represents **Islam** (the major religion of the Middle East)
 - 1 picture representing **Judaism** in the Middle East
 - 1 picture representing **Christianity** in the Middle East
 - 2 pictures of **Clothing** - different styles - of the Middle East - traditional/modern
 - 2 pictures of **Architecture** – different styles - of the Middle East - traditional/modern
 - 2 different pictures of **Homes** found in the Middle East (homes- villages, apartments, etc.)
 - 1 picture representing the **Modern Middle East**
 - 1 picture of an **Ancient Middle East** site (a ruin or maybe way of life that has been practiced since ancient times)
 - 1 picture representing a **Middle School Student** in the Middle East
 - 1 picture representing **School** in the Middle East
 - 1 picture representing **Oil** in the Middle East
 - 1 picture representing a **Current Event** taking place in the Middle East
- [Newseum - Approved Site for Current Events!](#)
- Do you have 18 pictures of the Middle East from the above list?

Search for your pictures carefully. Only use pictures that are on ***Culture Grams***. (wrms; wildcats)

This is the only safe and reliable source of photos that you are allowed to use. Search ***Culture Grams*** by country and click on the *Photo Gallery* tab. **LABEL** what the picture(s) represents. You will create your own collage and you are responsible for your final product.
